

Annika Westphäling

Web/App Developer

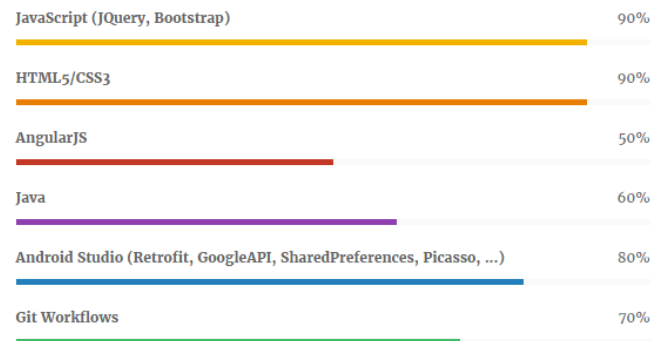

Who I Am and What I Do.

I'm Annika, and I'm a web/app developer.

My main skills are **Javascript** and **HTML5/CSS3**. My favorite Javascript libraries are **jQuery (mobile)**, **AngularJS** and **Bootstrap** (for responsive web design). I'm also into **Java** and **native Android Development** with **Android Studio 1.0** and **2.0** – and I work with **PhoneGap/Cordova** to build web applications on any platform.

The technologies I work with further include **Less/Sass**, **PHP**, **Node.js**, **Git**, **Grunt**, **REST**, **SQL**, **Wordpress**, **Typo3**, **Drupal**, **Joomla**, **AWS**, plus I do a decent **duck** imitation.

My Main Skills.

I hold a bachelor's degree in **maths** and one in **economics** and I studied coding at **codecademy**.

Plus, I love my **languages**, apart from German 🇩🇪 and English 🇬🇧 I'm also fluent in French 🇫🇷 and Spanish 🇪🇸.

Work and Experience.

current

10/2016 - current

Software Developer

Working for CGI business and IT consulting on BMW's internal website using Microsoft Sharepoint.

7 months

03/2013 - 09/2016

Software Developer

Native app development using Android Studio 2.0 at Codivo GmbH, working for OMMAX on a TYPO3 Website and for Mozaik Operations GmbH on a demo Cordova app

3 years

03/2013 - 05/2016

Studied coding

I learned web development and web design with JavaScript, HTML5, CSS3, JQuery, Bootstrap, AngularJS, Git, SQL, PHP

10 months

10/2012 - 07/2013

Software Developer

I coded in C++ for academic purposes (Universität Bonn) (mainly algebraic transformations and markov simulations)

9 months

02/2011 - 11/2011

Software Developer

I was responsible for the hard coding of a gastronomic web site Schlosscafé im Palmenhaus

Services

Web Development

I build web pages using HTML5, CSS3 and Javascript, and the frameworks JQuery, Bootstrap and AngularJS...

CMS/Content Management Systems

... or WordPress, Typo3, Joomla and Drupal.

App Development

I do native Android Development with Android Studio- and I work with PhoneGap/Cordova to build web applications on any platform.

Java Development

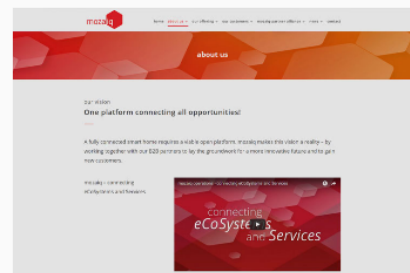

I do software development in Java using JDK and Eclipse.

Sample Projects

Codivo GmbH

Native app development using Android Studio 2.0 and Retrofit, SharedPreferences, GoogleAPI, Picasso etc.
Codivo GmbH

Mozaik Operations GmbH

Developing and refining a demo app using Cordova.
Mozaik Operations GmbH

CGI/BMW

Currently working for CGI business and IT consulting on BMW's internal website using Microsoft Sharepoint.

Code Examples

Restaurant Navigation App

At Codivo GmbH I programmed a lightweight version of a lunch payment app.

Curriculum Vitae

10/2016 – current

Software developer at CGI Business and IT consulting

Working on BMW's internal website with Microsoft Sharepoint.

2/2016 – 9/2016

Free software developer

Doing Java and native android development for Codivo GmbH, working on a Typo3 Website for Ommax and a Cordova app for Mozaiq Operations GmbH.

10/2014 – 7/2015

MSc at the University of Vienna (without graduation)

I studied some more algebra and mathematical logic, then decided I wanted to get my hands dirty with some non-academic stuff.

10/2010 – 6/2014

BSc of Mathematics at the University of Bonn

I specialized in discrete mathematics and algebra. Average 2.0 (German) or 3.0 (GPA): 📄

10/2008 – 9/2010

BSc of Economics at the University of Bonn

I specialized in the field of micro economics and finance, and finished with an average of 1.6 (German system) or 3.3 (GPA). An extract from my thesis was published in the Bonn Economic Journal: 📄

10/2009 – 9/2014

Teaching Assistant

Almost through all my years at university I worked as a TA in the subjects of micro- and macro economics, finance, statistics, econometrics, and mathematics at the university of Bonn.
